### Fall Mini-Course Offerings:

#### INTRO TO WOMANIST INTERPRETATION

Mini-Course Offering | Wednesdays 6:30-8pm Sept. 21, 28, Oct. 5, 12, 26, Nov. 2, 9, 16

Womanist interpretation is a growing field in Biblical Studies and Christian Theology. It is rooted in the lived experience of African American women from whose perspective people of faith can hear and understand, in new and fresh ways, God's movement and voice in our world. Over this 8-session course you will explore Scripture from a Womanist lens, and how such readings move us to public, prophetic witness in our various callings as people of faith.

#### ENGAGING YOUNGER GENERATIONS

Using the research of Fuller Youth Institute's "Growing Young" study, we will learn key concepts and behaviors that are found in congregations who actively engage youth and young people. We will explore the "6 Core Commitments" that these types of congregations display and learn how to implement them in our own contexts. Any congregation can be successful in ministry with young people, no matter what size, age, demographics, and location. Who should attend? Any and all leaders who are interested in welcoming young people more fully into their congregations! You can be a council member, lay, clergy, youth worker, youth, young adult, grandparent, anyone who cares about young people.

### FAQs:

1. **What is LiVE?** LiVE is an acronym for Living into Vocational Engagement. This program invites lay leaders to spiritually integrate their callings in daily life with the on-going learnings of Christian life, theology and faith, and in partnership with other congregational leaders throughout our synod.
2. **Can I “dip-in and dip-out”?** Dipping in and out means participating as your schedule allows. We know that people’s lives are busy and that not everyone can participate every week. That is precisely why we have the online learning platform. The platform helps you to view the content and videos on your own time and availability.
3. **What about those who are not savvy with technology?** What suggestions do you have for them? We have two suggestions. First, reach out to our support team and request assistance by emailing us at [david@lutheransnw.org](mailto:david@lutheransnw.org). Second, we invite congregational teams to gather together in-person to view the video recordings and to host an on-going conversation among various ministry groups in your congregation.
4. **How can I maximize participation in the LiVE Project?** We believe those who get the greatest benefit from LiVE are those who join the online network, participate in zoom online interaction, and who come to the in-person retreats to meet other participants face to face. The changing nature of faith formation in the 21<sup>st</sup> century involves becoming a networked learning community across the boundaries of our congregations. The more willing we are to extend and involve ourselves with others in this learning journey the greater the benefits for us all in living into our callings as God’s people in this world.
